

PROTECT YOUR ASSETS

TRUST THE WORLD LEADER IN SPECIALTY COATINGS

Specialty Polymer Coatings (SPC) is a leading formulator, manufacturer and distributor of “state of the art” 100% solids liquid epoxy and polyurethane coatings. The company has a broad line of coating solutions which are utilized extensively in the pipeline industry, on railway cars, lining for tanks and steel structures as well as marine docks, ship decks, hulls and other aqueous applications. SPC promotes environmentally sound practices with the majority of products being VOC free. SPC’s high performance coating products are manufactured to the highest quality standards and are available in a number of configurations to accommodate many specific project applications.
